## *Computerized Guided Implant Placement in The Daily Dental Office*

*Serge Gaertner, DDS - Brussels, Belgium*

**(1 HOUR CE and will give a better understanding of this technique.)**

1976: Graduated from Dental School at the Free University Brussels in Belgium

1978: Opened office and started to attend international courses.

Mostly esthetic and implant courses; France, Germany, The Netherlands, USA, etc...

1986; Attended a 2 week course in Sweden with the original Dr. Bränemark 's team

2006: Heard about NobelGuide: flapless guided implant placement.

Started to use this technique in my Family Dental Practice, in between regular dental treatments

2008: Nobel Biocare heard about my success rate : 99% , they attended some of my operations and asked me to become a mentor and to give some presentations for their Benelux Nobel Biocare Company

2009 – 2010: Presentations for the Belgian Dental Association, Benelux and the USA

Power Point Presentation:

- Classical Implant Placement vs. Computerized Guided Implant Placement
- Advantages for the Dentist when Placing Computerized Guided Implants
- How to Motivate the Patient
- Advantages for the Patient
- Detailed Explanation of the "NobelGuide" technique

Video: Surgery in the Dental Practice : Branemark Implant Placement with " NobelGuide"

## About AGD Patient Alerts

In an effort to answer our members' practice management needs, AGD now offers this new patient communication service free of charge. Members can select from communication tools within the system to use or employ them all. This page offers AGD members an overview of how AGD Patient Alerts works. For this member benefit, go to [agd.org](http://agd.org), - Membership – Member benefits – General member benefits

## Do You Do Ortho? Then go to [www.sperlingseminars.com](http://www.sperlingseminars.com)

For five years, Dr. Thomas Sperling volunteered to help me coordinate the Orthodontic section at Community Smiles Dental Clinic. Tom practiced orthodontics in Colombia until retirement. He chaired programs at two dental schools, lectured extensively and taught orthodontics at NOVA. He gave freely of his time and shared his knowledge. If you do orthodontics and can use some assistance, he is available to help. He has prepared a syllabus that can be accessed at [www.sperlingseminars.com](http://www.sperlingseminars.com). All you have to do is register to have FREE access to his syllabus.
